

KINDERGARTEN HAPPENINGS

2016

What a fun week it was!!!

Welcome to our weekly newsletter. Here you can find important dates on the words and letter of the week that students should know. You can also read a little blurb on our current curriculum for the week. Enjoy.:

Important Dates

- 10/6 Picture Day
- 10/10 South Community Open House (4:30-6:30)
- 10/14 Early Release

LETTER OF THE WEEK

F

Sight Words

- I
- A
- Green
- Yellow

Reading

This week in reading we... Continued building our stamina in reading workshop. The students have learned about being a book lover and not a book bully, being a respectful reader, and discussing our books with their reading partner. We will continue to build stamina and work on this in the coming weeks.

Writing

This week in writing we... finished our first unit of oral storytelling and now are moving into writing these stories. Up to this point our writing process includes thinking of a story idea, picturing our story in our mind, and saying our story. We will use this to spring into drawing and writing next week.

Math

This week in math we... worked recognizing numbers 1-10 and building them with manipulatives. Along with this the students have learned about circles, squares, rectangles, and sorting like objects. We will continue to work with numbers 1-10 in the coming weeks.
