Reading

This week in reading we... discussed different ways to read a book. The three different ways that we can ALL read are

1. Read the Pictures
2. Retell a story we already know
3. Read the Words

Writing

This week in writing we... began to take an in-depth look at sounding words out. This will be huge all year. Our process is:

1. Say the word
2. Say the word again SLOWLY
3. Write what you hear

Math

This week in math we...learned how to write the number 5, sort like shapes, count objects up to 10, and a few other skills. We are wrapping up our first unit and will begin next week by reviewing and then giving our first kindergarten test.
