

KINDERGARTEN HAPPENINGS

2017

What a fun week it was!!!

We made it through many days of indoor recess and a snow day. What a week. They did a wonderful job for being in these four walls all day.

Reading

This week in reading we... focused on the setting in stories. We use setting to help students retell the story. Up to this point it has been snowy settings. Hopefully spring comes soon and we can travel to some new places.

Writing

This week in writing we... continued working on our small moments. We are building our writing stamina and working on focusing on teeny tiny details.

Math

This week in math we... continued with unit 3. We are looking at addition, subtraction, groups of 10 in teen numbers, and groups of 5. This week the students also told story problems and solved them in groups using manipulatives.
